### IT IS AGREED that:-

- A. These YDSA Surveyor's Terms of Business (March 2010) shall form part of the Agreement between the Surveyor and the Client; and
- B. The Surveyor shall perform the Scope of Work as set out in the Agreement subject to the following terms:

## Accompanying documents

### 1. Services

- 1.1. The Surveyor shall undertake the services to which these terms relate with reasonable care, skill and diligence.
- 1.2. The Client's instructions and the scope of the Surveyor's services hereunder, are as defined in the Scope of Work. Any subsequent changes or additions to the Scope of Work must be agreed in writing by the Parties. The standard Scope of Work is available at <https://www.baseline-yachts.com/terms/>
- 1.3. The Client undertakes to:
  - 1.3.1. ensure that full instructions are given to the Surveyor and are provided in sufficient time to enable the required services to be performed effectively and efficiently. The Client agrees to disclose to the Surveyor all relevant information of which they have knowledge, or to which they have access, in relation to the Vessel to be surveyed; and
  - 1.3.2. in consultation with the Surveyor, procure all necessary access, facilities (e.g. ladder or platform for topsides inspections) and permissions to premises and vessels including lift-out, pressure-wash, removal of antifouling, trials, collection of oil samples, and facility for inspection ashore and afloat as appropriate for no less than such a time as shall in each particular circumstance be reasonable to enable all appropriate inspections and tests to be undertaken or performed;
  - 1.3.3. in consultation with the Surveyor, take all measures to facilitate the inspection, including arrangement of assistance for agreed tasks (e.g. sea trial, ultrasound measurements), removal of panels and floor boards, and removal of all loose items to enable access; and
  - 1.3.4. ensure that all appropriate measures are taken to provide safe and secure working conditions provided always that in the event of any breach of the requirements of Clauses 1.3.1 to 1.3.3 causing any failure on the Surveyor's part to undertake

the Scope of Work the Client shall be responsible for all consequential costs incurred by the Surveyor and in respect of any element of the Scope of Work undertaken.

- 1.4. The Surveyor shall not be liable for omission of Scope of Work should there be insufficient time to complete work as a result of any breach of requirements 1.3.1 to 1.3.4
- 1.5. Pursuant to the Scope of Work, the Surveyor will inspect the Vessel as thoroughly as is practicable and endeavour to comment on the more important items where, in the Surveyor's reasonable opinion, major costs consequences are considered likely to arise. It follows that the Surveyor cannot comment on every minor matter but the Surveyor will try to point out where small factors may become more serious.
- 1.6. For pre-purchase surveys, the Surveyor's intention is to report on the condition of the hull(s), superstructure and fixtures (if any) of the Vessel so far as can reasonably be ascertained from a visual inspection of the Vessel at its location at the time of survey. The Client accepts that the Surveyor's survey report(s) cannot cover hidden, unexposed or inaccessible areas of the Vessel, neither can the Surveyor undertake to investigate areas that the Surveyor believes to be inaccessible at the time of inspection. Where the Surveyor is unable to gain access to areas commonly accessible, the Surveyor will endeavour to point this out.
- 1.7. In every case where relevant, the Surveyor recommends a full survey of a Vessel, to include inspection of the Vessel while lifted out and while in the water. Where the Surveyor accepts instructions to survey a Vessel solely on the basis of an inspection of the Vessel out of the water, the Surveyor makes no representation and gives no warranty as to the watertight integrity or buoyancy of the Vessel. Where the Surveyor accepts instructions to survey a Vessel solely on the basis of an inspection of the Vessel in the water, the Surveyor makes no representation and gives no warranty as to the condition of the Vessel beneath the waterline and at inaccessible areas of the topsides.
- 1.8. When verification of a vessel's identity falls within the Scope of Work, the Surveyor will attempt to ascertain the CIN and engine numbers, and review where available and if given free access any relevant documents on board. The Surveyor shall not be liable for any loss or costs incurred in the event that those documents or identity marks are false or inaccurate.
- 1.9. The Scope of Work does not include any guarantee or warranty for any part of the vessel, nor any certification of compliance with regulations, unless specifically stated.
- 1.10. Where the Scope of Work includes ultrasound measurements, this refers to measurements taken from outside the vessel, unless specifically stated.

## 2. Valuations

- 2.1. All valuation work undertaken shall be in accordance with the Scope of Work and, unless otherwise stated in writing, such work relates solely to the date and place referred to. Valuations are based on opinions only and are not representations of fact, nor do they carry with them any guarantee of the particulars or information on which opinions are based. Valuations assume a willing buyer and willing seller and market conditions applicable at the time of valuation or such other date as is expressly referred to.
- 2.2. The client undertakes that any estimate received will not to be used for raising share capital in a company.

## 3. Fees

- 3.1. The fee agreed between the Surveyor and the Client for the services to be provided by the Surveyor under this Agreement ("the Survey Fee") shall not unless otherwise agreed include the costs of travel, subsistence and accommodation which will be charged in addition and in accordance with this Clause 3.
- 3.2. The Survey Fee and all expenses shall become due and payable on such terms and in such amounts as shall be agreed from time to time (unless otherwise stated, 65% non-returnable deposit to book a date, with 35% balance due before start of survey). VAT or other EU equivalent shall be payable, if applicable, in addition to all fees and expenses. Invoices will be submitted in respect of all fees and expenses. Interest shall be payable on all sums owing and unpaid at a rate of 3% over Euribor base rate.
- 3.3. The Surveyor has no liability of any kind if full payment is not received within agreed dates.
- 3.4. Additional Fees may be incurred if extra visits are required and/or assistance is needed to complete certain tasks. Unless a fixed price is agreed, fees are: 120 Euros per hour or 895 Euros per day. 350-490 Euros per day are charged for travelling, plus travel costs.
- 3.5. If the Surveyor is summoned to appear in court, the above Fees in section 3.4 are to be paid pro rata and in advance of booking time and travel for the court hearing.

## 4. Limitations

- 4.1. The Surveyor shall not be liable under this Agreement for any loss or damage caused in circumstances (i) where there is no breach of a legal duty of care owed to the Client by the Surveyor or (ii) where, notwithstanding any such breach, any loss or damage is not a reasonably foreseeable result of such breach.
- 4.2. The Surveyor shall not be liable for any damage to the Vessel that occurs during the survey in the course of inspection and non-destructive testing. Non-destructive testing includes, in isolated areas, removal of antifouling and/or primer and/or epoxy coatings.
- 4.3. All services and reports are provided for the Client's use only. No liability of any nature is assumed towards any other party and nothing in these terms, or the relationship between the Surveyor and the Client, shall confer or purport to confer on any third party a benefit or the right to enforce any provision of these terms. The provisions of the England and Wales Contracts (Rights of Third Parties) Act 1999 shall not apply to this Agreement and any person who is not a party to this Agreement shall have no right under that Act to enforce any term(s) of this Agreement.
- 4.4. The Surveyor shall not be responsible for loss or damage or any increase in loss or damage resulting from any material breach by the Client of any term of this Agreement.
- 4.5. Any claim by the Client in respect of any breach of the Surveyor's obligations under this Agreement must be notified to the Surveyor as soon as is reasonably practicable after the Client becomes aware of the breach. Where any breach is capable of remedy, the Surveyor must be afforded a reasonable opportunity to put matters right at his expense.
- 4.6. The Client agrees that, for reasons of commercial practicality, it is necessary to limit the Surveyor's potential liability in respect of loss or damage suffered by the Client as a result of any breach by the Surveyor of any of the Surveyor's obligations under this Agreement. As such, the Client agrees that no liability howsoever arising whether under this Agreement or otherwise shall attach to the Surveyor except insofar as such liability is covered by the professional indemnity insurance referred to at paragraph 4.7 and such liability (including Claims Expenses) shall in any event be limited to 450,000 Euros or such higher sum as the parties shall agree in writing prior to commencement of the services to which these terms relate (hereafter referred to as "the Agreed Indemnity Limit").
- 4.7. The Surveyor shall maintain professional indemnity insurance in the amount of the Agreed Indemnity Limit throughout the period of the performance of the Surveyor's duties hereunder provided that such insurance shall remain available at reasonable market rates.
- 4.8. The Surveyor's liability shall not extend to particulars, data and other information given to the Surveyor by others or obtained from outside sources, publications and the like reasonably relied upon by the Surveyor, including Class records, registry details or other such information and no assurances can be given regarding the accuracy of the same.

- 4.9. Unless otherwise stated in writing, all services and reports are provided on the basis that they carry no guarantee regarding ownership or title, freedom from mortgages or charges, debts, liens or other encumbrances, or vessel stability, performance or design.
- 4.10. The Client shall be responsible for any losses, expenses or other costs reasonably incurred by the Surveyor that are caused by a breach of the Client's obligations to the Surveyor hereunder.
- 4.11. The Surveyor shall not be liable in respect of any breach of his obligations hereunder resulting from unforeseeable causes beyond the Surveyor's reasonable control.
- 4.12. Any claims against the Company and/or its appointed Surveyor/Consultant by the Client shall be deemed to be waived and absolutely time barred upon the expiry of one year from the submission date of the Report to the Client.
